Gabe,

Per our conversation, here is the email regarding next Tuesday. You and Ozzie will be accompanying Chief Arcos.

Thanks for covering for me!!!

Keith

Mr. Rauch,

It was a pleasure speaking with you. I have calendared the walkthrough of your business (LA Cold Storage) with Chief Arcos and myself for Tuesday, March 27, 2018, at 12:00 noon. I will follow up with you prior to that date to confirm. Please feel free to contact me if something changes.

Respectfully,

Keith Bertonneau, Lieutenant  
Adjutant to the Commanding Officer (Acting)  
Operations-Central Bureau  
Los Angeles Police Department  
Office (213) 833-3735  
Email [27664@lapd.online](mailto:27664@lapd.online)

Chief Arcos, as you recommended I am by this email putting you in direct contact with Larry Rauch of LA Cold Storage. Larry is one of our longest-serving BID Board members. His company is located at 4<sup>th</sup> and Central. It's a large, expansive plant with cargo truck activity through multiple loading docks/entrances. Larry is seeking information that would help his company be as prepared as possible in the event of an active shooter situation.

Larry is cc'd here. His office phone is 213-624-1831, ext. 221.

Larry, I am placing you in the best hands possible. Chief Arcos will take it from here.

Chief, please know how grateful I am for your help.

**Attachments:** 700 E. 7th(a).jpg; 700 E. 7th(b).jpg

Kurt + all,  
Thanks so very much for this.

The exact location of the building is 441 San Pedro, corner of Winston. It is an adaptive reuse of an historic building. Their representatives will attend this meeting.

I have a second building with same issue: 700 E. 7<sup>th</sup> St. Their reps will also attend. It was damaged by an encampment fire and repairs will require complete sidewalk access. I've attached two photos here showing you current conditions.

Hi all,

We've moved the previously scheduled meeting regarding the 4th and Winston encampment interfering with construction activity to Tuesday (3/13) at 1:00 pm at LAPD Central Station.

Thanks,

Kurt

Captain

Today at 7<sup>th</sup> St. Maple to Wall. Coordinated effort with West Side Detail, LA SAN and LA Fashion Cleanup crew. MTA bus picking up and dropping off riders all day. We'll stay on it try to keep it this way also we are having similar results on 7<sup>th</sup> from Wall to San Pedro.

**Subject:** FW: Homeless encampment

Hello Captain,

Please see attached photo. This encampment on the south side of 7<sup>th</sup> Street is taking over the entire sidewalk. It is tied up to private and public property and impeding a bus stop.

On 7<sup>th</sup> street between Maple and San Pedro, our teams picked up ½ **ton of trash** this week alone.

Isn't there some way to enforce that tents come down at 6 a.m.? My understanding is that this is not part of the "injunction area".

Thanks!  
Rena

**Subject:** Homeless encampment

Tampa,

Please see the attached picture.

The homeless encampment located at 314 E 7<sup>th</sup> st, started off with one tent only but now the sidewalk is completely blocked with the homeless encampments. We spoke to Officer Linton and she said there wasn't anything that can be done. I will continue to report this safety hazard to the city sanitation.

Mr. Rauch,

It was a pleasure speaking with you. I have calendared the walkthrough of your business (LA Cold Storage) with Chief Arcos and myself for Tuesday, March 27, 2018, at 12:00 noon. I will follow up with you prior to that date to confirm. Please feel free to contact me if something changes.

Respectfully,

Keith Bertonneau, Lieutenant  
Adjutant to the Commanding Officer (Acting)  
Operations-Central Bureau  
Los Angeles Police Department  
Office (213) 833-3735  
Email [27664@lapd.online](mailto:27664@lapd.online)

Chief Arcos, as you recommended I am by this email putting you in direct contact with Larry Rauch of LA Cold Storage. Larry is one of our longest-serving BID Board members. His company is located at 4<sup>th</sup> and Central. It's a large, expansive plant with cargo truck activity through multiple loading docks/entrances. Larry is seeking information that would help his company be as prepared as possible in the event of an active shooter situation.

Larry is cc'd here. His office phone is 213-624-1831, ext. 221.

Larry, I am placing you in the best hands possible. Chief Arcos will take it from here.

Chief, please know how grateful I am for your help.

Chief Arcos, as you recommended I am by this email putting you in direct contact with Larry Rauch of LA Cold Storage. Larry is one of our

longest-serving BID Board members. His company is located at 4<sup>th</sup> and Central. It's a large, expansive plant with cargo truck activity through multiple loading docks/entrances. Larry is seeking information that would help his company be as prepared as possible in the event of an active shooter situation.

Larry is cc'd here. His office phone is 213-624-1831, ext. 221.

Larry, I am placing you in the best hands possible. Chief Arcos will take it from here.

Chief, please know how grateful I am for your help.

To whom it may concern:

This is Rose again from 550 Crocker Street. We cannot have these tents in front of our building and gates. This is a hazard for all of us here. We cannot safely access our sidewalk. Our employees and customers have to walk on the street to get from one place to another. In addition, when we have these tents in front, we have excess trash, defecation, urination, rat, and roach issues. There are tarps and trash bags tied to our gates. Every day that goes by there is another tent that gets added. We gave up on our Towne side, and we can't even access our exit because it's completely blocked off. Please help us keep the Crocker side of our building under control!

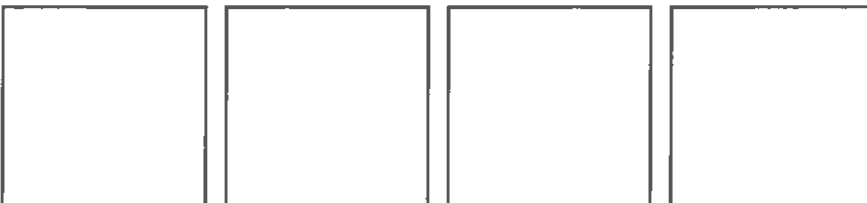

Please please please help us!!

On Mon, Feb 12, 2018 at 9:20 AM, Rose Park <[rose@lanystyle.com](mailto:rose@lanystyle.com)> wrote:

Dear City Officials and Officers of Los Angeles,

Can you send over a team to have these homeless tents removed? We need this sidewalk open, so we can have safe access between our two lots. In addition, our customers don't feel safe when they see this right in front of our building.

They are setting up mattresses and sofas right in front, and this is very unnecessary. There is a tarp tied to our gate right now, and this is not safe for any one.

We are seeing more and more tents set up as the day passes, so please help us before the situation becomes unmanageable.

Our company is at such an economically difficult time right now, and this situation makes everything much worse. Even as our taxes raise every year, we pay our taxes and dues to the city. However, the homeless encampments, safety, health hazard issues just get worse and worse. We can't figure out why we have no right or say in this. It's just unfortunate how we have to bear with all the consequences when we are doing our duty to be rightful citizens here.

We know you are all very busy, and it's a hard situation for everyone. We tried to approach these people directly, but it only gets worse as we are at direct danger when we do. Our neighbors were threatened with a knife pointed at them when they had approached one of these encampments. Therefore, we can only rely on your help.

We would truly appreciate your response and help as soon as possible.

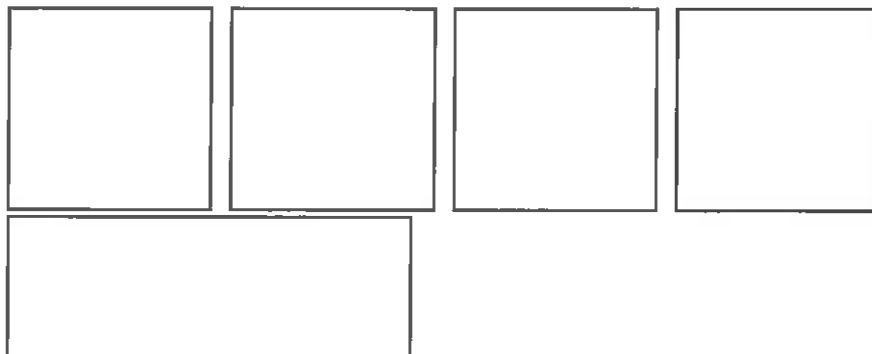

Thank you!

--

Rose

hello team. thank your for sending officers yesterday to address our ADA/pedestrian path of travel issues. unfortunately, these camps only pretended to move and once you were gone, came back. it appears that some were left abandoned though? and one moved around the corner to 522 east 4th street and is now blocking an active entrance. please see attached pictures from 7am this morning.

we will begin demolishing and removing portions of these sidewalks monday morning, and really need your assistance with these 5 or six camps. it is physically impossible for our team to work with the camps there. please advise.

by the way, i have yet to receive a phone call or email from any of you. would be helpful to at least be able to have a conversation about this?

hello LAPD, CD14, and Central City East BID . sorry to be such a pest, but i have yet to get a single response in over two weeks from anyone on this issue. our grand opening is tonight. the aforementioned encampments along towne ave grew over the long thanksgiving weekend. we will be demolishing portions of these sidewalks next week for neighborhood beautification. but please, please ask these campers this morning to move to a section of sidewalk clear of construction fencing and with ample space for ADA access.

tonight is especially important because our clients, vendors and guests will otherwise be forced to risk being hit by oncoming vehicles as they walk in the street due to the fact that these camps are 100% blocking ADA/pedestrian use of towne avenue sidewalks.

please see attached photos. showing west and east side of towne avenue between 4th and 5th streets with the following infractions:

1. 100% blocking ADA (and pedestrian) path of travel.
2. construction obstruction
3. attached to fencing
4. over 60 gallons (way over)
5. tent not packed flat during daytime
6. less than 10 feet from driveway and active entrances (some totally blocking driveways)

best,  
m

hello team. hello captain reina. sorry to bother you with this, but we are requesting extra attention from reset to help us maintain effective unobstructed path of travel along our sidewalks within our north sea neighborhood beautification area. please see [www.northseadtla.net](http://www.northseadtla.net) to learn more.

we have a dozen or so encampments (most of them less than 1 week old) with variety of infractions along our sidewalks at the moment including:

1. 100% blocking ADA (and pedestrian) path of travel.
2. construction obstruction
3. attached to fencing
4. over 60 gallons (way over)
5. tent not packed flat during daytime
6. less than 10 feet from driveway (some totally blocking driveways)

see attached images. the addresses of these include:

410 - 426 townie avenue (beware of the camper in the american flag tent. he is violent and aggressive)

411 - 443 townie avenue

400 - 414 crocker avenue (these camps are not just homes, they are businesses with frequent visits by black luxury automobiles. they have been there for over 6 months.)

398 crocker (new camp)

399 crocker (new camp)

hey team, we have several new camp at 441 south towne avenue (popped up over the last 3 days) with the following infractions. there are also a couple camps across the street at 446 towne. OHS failed to clean towne yesterday per their posted 3 day notifications (sometimes they miss a day even if posted). so we are asking you to help with this today. could you please ask them to move asap:

1. 100% blocking ADA (and pedestrian) path of travel.
2. construction obstruction
3. attached to fencing
4. over 60 gallons (way over)
5. tent not packed flat during daytime
6. less than 10 feet from driveway (practically in the driveway)

your attention to this last time worked really well. these camps just need to be told and i'm sure they will move down a block where there are hundreds of feet of clear ample sidewalks for camping with out obstruction or infraction.

oh, if you need photos just let me know?

best,  
m

hello team. hello captain reina. sorry to bother you with this, but we are requesting extra attention from reset to help us maintain effective unobstructed path of travel along our sidewalks within our north sea neighborhood beautification area. please see [www.northseadtla.net](http://www.northseadtla.net) to learn more.

we have a dozen or so encampments (most of them less than 1 week old) with variety of infractions along our sidewalks at the moment including:

1. 100% blocking ADA (and pedestrian) path of travel.
2. construction obstruction
3. attached to fencing
4. over 60 gallons (way over)
5. tent not packed flat during daytime
6. less than 10 feet from driveway (some totally blocking driveways)

see attached images. the addresses of these include:

410 - 426 towne avenue (beware of the camper in the american flag tent. he is violent and aggressive)

411 - 443 towne avenue

400 - 414 crocker avenue (these camps are not just homes, they are businesses with frequent visits by black luxury automobiles. they have been there for over 6 months.)

398 crocker (new camp)

399 crocker (new camp)

Hi All,

I agree with all of the below. Most people on the street aren't scary but the guy Miguel mentioned definitely seems dangerous. Caucasian, 5'10" or thereabouts, was walking around with shirt off and has multiple tattoos.

Dear officers,

We are starting to see more encampments set up on our block. Can you please send some people out to help us move them? Because of the construction going on right across from us, it poses a great danger for our employees and customers to walk on the streets to get to our main building. They cannot access the sidewalks safely at this time.

Thank you!

Dear Rose:

Thank you for bringing this escalating situation to our attention. Please know that we will do everything possible to bring not just hygiene, but increased safety to the area. Again, thank you, Please continue to reach out.

On Mon, Oct 23, 2017 at 9:29 AM, Rose Park <[rose@lanystyle.com](mailto:rose@lanystyle.com)> wrote:

Hello,

I hope everyone is well.

This is Rose again from 550 Crocker Street.

We have multiple tents that have been set up over the weekend in front of our building and gates that make it difficult for our employees and customers to safely access the sidewalk.

Can you please have these tents removed asap?

We are afraid more tents will start to come up in front of our gates if we don't quickly remove these.

In addition, they are using our gate area as their restroom, so it makes it even more difficult for us. Our gates are corroding, and we have had so many issues with our gate machine. We are spending so much money to fix and re-fix these issues.

Moreover, with the new restroom facility project right across from us, we are so afraid these tents are going to stay permanently. Please don't let this happen. Please think about our safety too.

Thank you!

Got it. glad it is not a child.

I contacted Sanitation to see if they could meet LAPD at the site. I will let you know what I find out. LAPD can do enforcement of blocking the sidewalk but I believe the street street is under the Mitchell Injunction (which is Alameda to 8th to Spring to 2nd) so if LAPD arrests them, they cannot remove their items- only Sanitation can go through the items and remove hazardous materials. The judge has really put the City in a tough spot with the injunction (which I am happy to send to you if you would like to read it). The case is still being litigated in federal court (which is never fast).

It is really frustrating and I am so sorry that the City can't be on these locations more. We have really limited Sanitation personnel.

I would also reach out to the council office so they are also making the same request to Sanitation and perhaps they can divert their team (that the council office directs) to your location on Monday.

I will let you know what I find out.

thanks,  
Gita

thanks gita, over the past 12 months, it always seems to work when sgt walkers team notifies the camp one day ahead that they will need to move for construction and then when his team shows up the next day, the camp always move. there should be no need to arrest anyone nor store any belongings. these camps will very likely move if asked by police.

regarding ada unobstructed path of travel, we really need continual support once our business opens. we must be able to use our sidewalks, and cannot afford the liability of having our clients and employees walking down the street because sidewalks are unusable. way too dangerous! i know you and lapd know this already.

mn

sgt walker, sorry to pester you. i know your hands are very full. but please respond to this thread. we need coordination between your team and OHS to clean this highlighted area. tents have not be moved or cleaned in over 45 days and are blocking ADA, and within 10feet of active driveways and active entrances. and there are many bulky items. also, most of these are drug dens that are not lived in but possibly hired out for drug use and prostitution. these particular camps are incredibly messy stacking up garbage and trash in the street and on our sidewalks daily. it is a mess that is growing.

we will be fencing soon for building improvements and neighborhood beautification, but first we need to know that LAPD + OHS can clear same day in advance of fencing.

i've reattached images here...

**Subject:** Re: ada access

shouldn't such businesses be cited for blocking sidewalk just as camps are?

ADA has already made a big compromise for camps, access should actually be greater than 60". 48" is generally reserved for pre-existing conditions, right? i really don't think we should be asking ADA for any more compromises beyond this. 36" makes it extremely uncomfortable, if even possible for a person in a wheelchair or even a person walking to navigate camps along a sidewalk. we all know this. let's do something about it. please?

i'm sure those businesses would be more likely to respect 48" if they were told everyone, even camps, have to adhere to this. i'm guessing, they ignore it because it seems ironic that they should have to leave 48" space along a sidewalk when camps are allowed to 100% block the sidewalk. i feel sorry for those businesses, but in my opinion, they should be setting nothing on their sidewalk without necessary permits.

best,  
m

Hi Everyone,

Below is an email from Geoffrey Straniere from the Department of Disability (DOD) recommending a 48 inch sidewalk clearance for enforcement purposes. This is beyond the ADA required 36 inches. My informal survey of the sidewalk conditions through the downtown area shows that businesses routinely crowd the sidewalks leaving 48 inches or less of space for passage. Differential enforcement with regards LAMC 42.00(a) (blocking the sidewalk) against homeless and businesses may present constitutional issues. To the extent there is more uniformity with 36 inches, there is stronger legal footing for using 36 inches as a standard at least with respect LAMC 42.00(a) enforcement.

Gentlemen - Thank you for your efforts and patience while we collectively work out the sidewalk concerns for Both Mr Nelson's environs and for the broader Skid Row neighborhood.

We at the DOD have been working with various City agencies to develop a clear and concise solution for circumstances where sidewalks are being constrained and effectively being made inaccessible by the presence of encampment or other transient, temporary barriers to public rights of way.

There are a number of conflicting guidelines to work through when determining the applicable standards and codes to issues of accessibility. Often, the Federal standards conflict with those of the States, and often further conflict with local ordinance or community standards that themselves may be in opposition to various public policies.

Here, we are evaluating the least restrictive, most accessible thoroughfare possible for existing sidewalks of various widths and dimensions, and the accessible routes that tie curb ramps, curb cuts, crosswalks, traffic signals and other traffic control devices to the in-place concrete flatwork, while trying to secure passable and accessible routes absent barriers human or otherwise.

There are three (3) applicable guidelines and ratified codes in play for the subject concern. the specified dimensions for each are as follows:

The American with Disabilities Act (The ADA) specifies a clear minimum width of 36" to establish an accessible sidewalk width.

The California Building Code (The CBC) specifies a clear minimum width of 48" to establish an accessible sidewalk width.

The Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way

(PROWAG) specifies a clear minimum width of 60" to establish an accessible sidewalk width.

We are sensitive to creation and preservation of a barrier-free public passage route. We are sensitive to the current sidewalk field conditions, the use of which are being constrained and made impassible by the presence of tents, temporary shelters, or accumulating debris between sanitation control efforts.

In response to these concerns, the Department on Disability recommends that sidewalks remain accessible and barrier-free, without exception, in concurrence with California Building Code requirements that include definitions of accessibility for sidewalk surfaces widths as free and clear of obstruction, and of a sturdy, non-slip texture, with dimensions not less than 48" wide from street-side curb to opposing curb or structure, as is congruent with the LADBS adherence to the CBC to establish code compliance.

Unless otherwise stipulated by Los Angeles Department of Building and Safety officials or agency representatives, the DOD recommends that all associated stakeholders enforce current policy and procedure to assure that sidewalks remain open to the use and enjoyment of all, and work closely with neighbors and residents to accommodate those who rely on the sidewalks to maintain an accessible route to goods, services, or place of residency.

I am committed to assisting you with any issue identified herein, or for any other for which I might be a resource.

Thank you, -Geoffrey

Miguel,

I viewed the various neighborhoods in and around the North Sea District this morning including the Fashion District, Toy District, and Flower District.

There is nothing close to 60 inch sidewalk clearance throughout these areas. Some sidewalks don't expand that length. My concern is that enforcement of 60 inches against the tents in the North Sea District would

lead to complaints of uneven enforcement against homeless. In addition as mentioned before, the ADA website cites cases with 36 inches as the standard.

Kurt

**Subject:** Fwd: ada access

Hi Everyone,

Below is an email from Geoffrey Straniere from the Department of Disability (DOD) recommending a 48 inch sidewalk clearance for enforcement purposes. This is beyond the ADA required 36 inches. My informal survey of the sidewalk conditions through the downtown area shows that businesses routinely crowd the sidewalks leaving 48 inches or less of space for passage. Differential enforcement with regards LAMC 42.00(a) (blocking the sidewalk) against homeless and businesses may present constitutional issues. To the extent there is more uniformity with 36 inches, there is stronger legal footing for using 36 inches as a standard at least with respect LAMC 42.00(a) enforcement.

----- Forwarded message -----

**From:** **Geoffrey Straniere** <[geoffrey.straniere@lacity.org](mailto:geoffrey.straniere@lacity.org)>

**To:** Kurt Knecht <[kurt.knecht@lacity.org](mailto:kurt.knecht@lacity.org)>  
**Cc:** miguel nelson <[miguel@marvimon.com](mailto:miguel@marvimon.com)>, KEITH BERTONNEAU <[27664@lapd.lacity.org](mailto:27664@lapd.lacity.org)>

Gentlemen - Thank you for your efforts and patience while we collectively work out the sidewalk concerns for Both Mr Nelson's environs and for the broader Skid Row neighborhood.

We at the DOD have been working with various City agencies to develop a clear and concise solution for circumstances where sidewalks are being constrained and effectively being made inaccessible by the presence of encampment or other transient, temporary barriers to public rights of way.

There are a number of conflicting guidelines to work through when determining the applicable standards and codes to issues of accessibility. Often, the Federal standards conflict with those of the States, and often further conflict with local ordinance or community standards that themselves may be in opposition to various public policies.

Here, we are evaluating the least restrictive, most accessible thoroughfare possible for existing sidewalks of various widths and dimensions, and the accessible routes that tie curb ramps, curb cuts, crosswalks, traffic signals and other traffic control devices to the in-place concrete flatwork, while trying to secure passable and accessible routes absent barriers human or otherwise.

There are three (3) applicable guidelines and ratified codes in play for the subject concern. the specified dimensions for each are as follows:

The American with Disabilities Act (The ADA) specifies a clear minimum width of 36" to establish an accessible sidewalk width.

The California Building Code (The CBC) specifies a clear minimum width of 48" to establish an accessible sidewalk width.

The Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) specifies a clear minimum width of 60" to establish an accessible sidewalk width.

We are sensitive to creation and preservation of a barrier-free public passage route. We are sensitive to the current sidewalk field conditions, the use of which are being constrained and made impassible by the presence of tents, temporary shelters, or accumulating debris between sanitation control efforts.

In response to these concerns, the Department on Disability recommends that sidewalks remain accessible and barrier-free, without exception, in concurrence with California Building Code requirements that include definitions of accessibility for sidewalk surfaces widths as free and clear of obstruction, and of a sturdy, non-slip texture, with dimensions not less than 48" wide from street-side curb to opposing curb or structure, as is congruent with the LADBS adherence to the CBC to establish code compliance.

Unless otherwise stipulated by Los Angeles Department of Building and Safety officials or agency representatives, the DOD recommends that all associated stakeholders enforce current policy and procedure to assure that sidewalks remain open to the use and enjoyment of all, and work closely with neighbors and residents to accommodate those who rely on the sidewalks to maintain an accessible route to goods, services, or place of residency.

I am committed to assisting you with any issue identified herein, or for any other for which I might be a resource.

Thank you, -Geoffrey

Miguel,

I viewed the various neighborhoods in and around the North Sea District this morning including the Fashion District, Toy District, and Flower District.

There is nothing close to 60 inch sidewalk clearance throughout these areas. Some sidewalks don't expand that length. My concern is that enforcement of 60 inches against the tents in the North Sea District would lead to complaints of uneven enforcement against homeless. In addition as mentioned before, the ADA website cites cases with 36 inches as the standard.

thanks kurt. i think i understand your concer, but my concern is having true ADA accessible path of travel in our neighborhood. 36" is unenforceable because these camps are dynamic organic shapes. this is a safety issue, a health issue and an ADA issue. we must be able to use our public right of way asap. please confer with ADA department. they have told me repeatedly that the law is 64" for any obstacle greater than 2ft. and 36" for any obstacle less than 2ft.

sgt walker, the camp at our construction corner is not only still there, but has grown over night. they are breeding pitbulls, obstructing our sidewalk, have piles of camp building materials in the street, not to mention an indecent amount of human feces and dog feces. our construction begins this morning at 7am. we need to be able to unload vehicles and carry materials along this path. our seafood neighbors also use this path to transport goods to and from each other. could we please move them by then? they are located where we have our sidewalk use permit and our street use permit.

sorry again to have to ask you for these types of services, miguel

hello sgt walker and bladimir. thank you for your cooperation this morning. we successfully cleaned our block with OHS and fenced the remaining portions of our sidewalks for ongoing building maintenance.

we still have two issues:

1. there is a homeless camp at the corner of our construction site beneath our scaffolding at 4th and towne. this is dangerous and in our way as we pour concrete, load and unload steel, etc. we have both a sidewalk permit and a street use permit. please do everything you can to move this camp off of this block.
2. we still need to fence the north section of 5th street east of towne avenue for approx 150 feet. OHS wasn't prepared to help us with this today. we have had our permit posted in that area since friday. could you please coordinate this sidewalk clearance with us tomorrow morning?

best,

**Subject:** 4th and towne scaffolding

hello keith, not sure who can help us best here, but this coming monday jan 16th at 7am we will be erecting scaffolding & construction barricades along our sidewalk at 4th and towne (600 east 4th street). there are currently 6 camps set up precisely where scaffolding needs to be (south along our side of towne for about 100 feet). central city east bicycle squads have discussed this issue with the camps, but none have moved. street services has granted us permission to scaffold along this sidewalk (see below).

(Sidewalk Scaffolding) Application with Ref. No. 2017-000011 has been approved.

Gerardo Rodriguez, Investigator  
Department of Public Works  
Bureau of Street Services  
Investigation and Enforcement Division  
1149 South Broadway, Suite 350  
Los Angeles, CA 90015  
Office: (213) 847-6219  
[gerardo.rodriguez@lacity.org](mailto:gerardo.rodriguez@lacity.org)

could we please have some police officers stop by to back this up with the campers? and also, could we please have officers here monday morning at 7am just to be doubly sure new campers didn't show up over the weekend? bladimir, i've copied you in just in case sanitation rapid response is to be involved?

thanks for all of your help!  
miguel

**Subject:** rapid response

hello keith and kurt, i've copied captain leslie, michael flanagan and bladimir campos in here, just in case they can help you through this. bladimir is convinced that lapd central division now has a rapid response unit with it's own dept sanitation truck and officers that are equipped, trained and empowered to enforce 56.11 on an as needed basis in my neighborhood. this is the team that replaced the original (75 days ago) unit "A" which was the same thing but entirely operated by sanitation dept. anyways, please shed some light on this so that my neighbors and i know how to proceed in the future whenever we observe a 56.11 issue in our neighborhood.

currently, we need ADA compliant path of travel on several sidewalks. let's start with the west side of stanford between 4th street and 5th street. can we please tackle this today or tomorrow?

sorry if i sound off base, but as most of you know, i've been gently trying to get this done for the past 4 weeks.

best,  
m

**Subject:** construction fencing on towne avenue

hello keith. as we did in december, we are now working on the three other buildings along towne avenue. we received our sidewalk fencing permit from bureau of street services today. our plan is to install construction fencing on thursday morning. there are a handful of camps there today that will likely move tomorrow for operation healthy streets. our fencing is supposed to show up this thursday. can we please notify the camps along towne that they will have to move to another sidewalk by this thursday?

the sidewalk that's being fenced off runs along the western side of towne avenue from fourth street south (approx 442 feet) past one alley and all the way to the last alley closest to 5th street.

please let me know how we can help your team coordinate this. i've copied michael flanagan here in case you'd like him involved this time.

best,  
m

hello keith. i mentioned to flanagan (sorry, is it okay to drop the sergeant and lt. in emails?) that our jobsite was robbed a few weeks ago and we got it all on video. he said to share this with you and that your team might know the thief. attached are two screenshots of the video. this guy broke in through our chain link fence and stole a ladder and several hundred feet of extension cords. please let me know if you know who he is. i have about 15 minutes of video showing him breaking and entering and leaving with stolen items if you want to see it.

hello eric, please read the email chain attached. we are requesting the sidewalk along stanford ave between 4th street and 5th street be enforced for 64" ADA access. let me know if you can tackle this on monday with the assistance of bladimir's sanitation department officers. LAPD will back you up if needed...

hello team. i met with sergeant flanagan today regarding sidewalk ADA access. he recommends that my neighbors and i work directly with sanitation department and street services to enforce this code. he also believes that the law is 64" wide path of travel for ADA access.

bladimir, can you please introduce me to your counterpart in street services who can help us out with this? flanagan says that our local police precinct is here to back you up.

i'd really, really like to get stanford sidewalk ADA access opened up by monday if at all possible. please let me know what i can do to help you.

Nr. Nelson,

Thank you for your email. I am not aware of the 60" clearance path you are requesting we adhere to. I see from the previous emails that it is being researched. Regarding your specific requests, Sergeant Michael Flanagan is the Officer-In-Charge of Central Senior Lead Officers. Can you please contact him (he is cc'd on this email) and schedule a meeting to discuss your specific issues. I believe a close relationship with your Senior Lead Officer would be in the best interest for business ventures.

Respectfully,

Keith Bertonneau

Subject: ADA sidewalk clearance

To: Keith Bertonneau <27664@lapd.online>, Kurt Knecht <[kurt.knecht@lacity.org](mailto:kurt.knecht@lacity.org)>, Geoffrey Straniere <[geoffrey.straniere@lacity.org](mailto:geoffrey.straniere@lacity.org)>, Bladimir Campos <[bladimir.campos@lacity.org](mailto:bladimir.campos@lacity.org)>

hello keith. i've discussed this issue with kurt knecht, geoffrey straniere (LA ADA coordination) and bladimir campos. they are all copied above. my neighbors and i have several ADA sidewalk clearance requests for your team. attached is a photo for our first request...

could you please work together to provide at a clear path at least 60" wide from the corner of crocker and fourth street south all the way to fifth street? there are at least 5 camps currently blocking access. sorry to have to ask. please let me know when you can do this.

best,  
m
